Invitation

EtherCAT Seminar Series
New Zealand 2026

March 2	Christchurch
March 3	Hamilton
March 4	Hastings
March 5	Auckland

Supported by:

BECKHOFF

What is EtherCAT?

- EtherCAT (Ethernet for Control Automation Technology) is the fastest Industrial Ethernet solution that sets industry benchmarks in performance, flexibility and cost efficiency.

Who should attend?

- These free-of-charge seminars are geared toward automation professionals, device manufacturers, system integrators, product managers, decisions makers, and students. Here, you will learn about EtherCAT and Industrial Ethernet, along with the impact of current trends.

Why attend?

- Learn about the benefits and challenges of Industrial Ethernet
- Explore and understand EtherCAT technology
- Talk face-to-face with an EtherCAT expert, and see how EtherCAT can accelerate your application or project
- EtherCAT seminars are educational events from the EtherCAT Technology Group

About ETG

- EtherCAT Technology Group (ETG) is the world's largest Industrial Ethernet Fieldbus organization with over 8500 member companies from 78 countries who support EtherCAT technology.
